deep hope

My deep hope for you,
first graders,
is that you know
how important it is to
Fully Rely On God
because He asks us to
Jump in
to bring heaven to earth today.

Trust in the Lord with all your heart
Lean not on your own understanding in all
your ways acknowledge Him and he will
make your paths straight.
Proverbs 3:5-6

Storyline

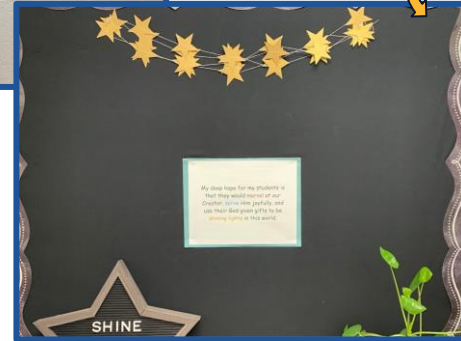

Deep Hope illustrated by a student

We add throughlines and student reflections to our storyboard as they come up naturally throughout the school year.

In a few weeks, parents will have a chance to write their deep hope for their child this school year. These will be displayed alongside my deep hope for the students to reference throughout our days in 2nd grade.

My deep hope for my students is that they would **marvel** at our Creator, **serve** Him joyfully, and use their God given gifts to be **shining lights** in this world.
