

**Is this workshop for you?**

Do you want to renew your excitement and deepen your thinking about what Christian education looks like not only in chapel and Bible class, but in curriculum, instructional practices and assessment in all subjects?

Are you a teacher, instructional guide, principal, or someone interested in innovation, creativity, and effective teaching practices?

Do you desire to go beyond textbooks and commercial curriculum to encounter a living God and the world He made?

Are you looking to provide something more than quizzes and tests to measure student growth?

**Then you should attend this workshop!**

'Deeper Learning' invites us to become engaged in God's Story, equips us to play our unique role, and empowers us to apply our knowledge and skills to produce real work that meets real needs of real people.

*I will forever be grateful for the time I had last year with you all in Boston. It completely changed my perspective on teaching and has brought a joy and desire for exploring further what it means for all of us to be image bearers and part of God's greater narrative!*
