

The Tft Tips Trio

ENGAGING THE BIBLICAL STORY

See the Story, Live the Story. All of the practices orient towards this Tft north star. Through Deep Hope, Storyline, FLEx, and Throughlines, we seek to invite, nurture, and empower learners within God's Story. This week's tips highlight a specific tool for framing learning with God's Story.

- 1 Use **Framing the Biblical Story** to pre-reflect on one of your units or topics. Reframe and rename the learning and the unit plan according to your reflections.
- 2 Use **Framing the Biblical Story** to create a reflection opportunity for your students on their learning within a specific unit.
- 3 Blend together **Framing the Biblical Story** and your Deep Hope (or Storyline!) in a reflection opportunity for students to connect how they have Seen God's Story and Lived God's Story through their Deep Hope work this year.
